

## JOB POSTING

### Caltest Analytical Laboratory – Napa, CA

Full-Time | \$25–\$28 per hour (commensurate with experience and education)

#### About Us

Caltest Analytical Laboratory is an established, accredited, family-owned commercial environmental production laboratory that has proudly served Northern California for more than 45 years. We are dedicated to providing high-quality analytical testing services in support of environmental protection and regulatory compliance.

#### Position Summary

We are seeking a detail-oriented candidate to join our Wet Chemistry team. The ideal individual will perform routine and specialized analyses on environmental samples in accordance with regulatory methods, quality control standards, and laboratory procedures.

#### Key Responsibilities

- Perform a variety of wet chemistry analyses, which may include: Alkalinity, Electrical Conductivity, Hardness, TOC/DOC, pH, Sulfides, Total Nitrates/Nitrites, Total and Ortho Phosphates, Turbidity, Cyanide, Chlorophyll, and related parameters.
- Prepare, standardize, and maintain analytical standards, reagents, and calibration solutions.
- Follow Standard Operating Procedures (SOPs) and established QA/QC protocols to ensure accuracy, precision, and compliance with regulatory requirements.
- Document and report analytical results in a timely and accurate manner.
- Maintain laboratory cleanliness, organization, and safety standards.
- Assist and collaborate with other analysts as needed.
- Communicate effectively with management, clients, and team members regarding analytical data and results.

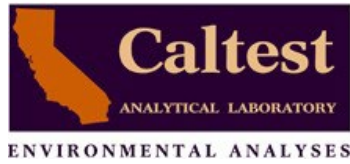

#### Qualifications

- Education & Experience:
  - Associate's degree or higher in a scientific field such as Chemistry, Environmental Science, or related discipline preferred.
  - Minimum of one year of non-academic laboratory experience preferred.
  - Equivalent combinations of education and experience may be considered.
- Technical Skills:
  - Working knowledge of analytical chemistry and wet chemistry principles.
  - Proficiency in Microsoft Word and Excel required; experience with Outlook, PowerPoint, and LIMS preferred.
- Additional Requirements:
  - Strong organizational skills and attention to detail.
  - Ability to follow directions, work independently, and contribute effectively in a team environment.
  - Commitment to laboratory safety and proper handling of hazardous chemicals.

1885 North Kelly Road • Napa, California 94558  
Phone (707) 258-4000 • E-mail: [info@caltestlabs.com](mailto:info@caltestlabs.com)

- Experience with fume hoods and personal protective equipment (PPE) preferred.

**Schedule & Compensation**

- Full-time, 40 hours per week
- Day shift: Tuesday through Saturday (following an initial Monday – Friday training period)
- Compensation: \$25 – \$28/hour, based on experience and education
- Occasional overtime may be required

**Location**

Napa, California – North San Francisco Bay Area

**How to Apply**

Interested candidates should submit a resume or CV detailing relevant experience and references, along with contact information (full name, phone number, and email address). References are optional.
